Yale® MX

GLP25MX is a perfect illustration of innovative design, exceptional quality and industry leading performance.

Operators prefer

Yale® MX lift trucks.

With a wide range of ergonomic and technologically advanced features, operators prefer Yale® MX lift trucks to keep warehouse operations running efficiently.

Total truck reliability

With the MX Series, total reliability comes built in. Put simply, every last component has been designed to provide long-lasting performance day in, day out, year after year.
